

Frontiers in protein science

Linderstrøm-Lang Centre Symposium
18th November 2022, University of Copenhagen

PROGRAM

Open scientific symposium on protein science in the spirit of Kaj Ulrik Linderstrøm-Lang including an exceptional line-up of speakers, poster session and ample time for networking.

SESSIONS

Protein design and mechanisms

Andreas Plückthun (Universität Zürich, Switzerland)
Martin Marek (Masaryk University, Brno, Czech Republic)
Michael Sattler (Technische Universität München, Germany)

Membrane proteins

Barbara Ann Halkier (University of Copenhagen, Denmark)
Anja Fuglsang (University of Copenhagen)
Bjørn Panyella Pedersen (Aarhus University, Denmark)

Protein phase transitions

Alexander Buell (Technical University of Denmark, Denmark)

VENUE

Biocenter - Lundbeck Foundation Auditorium
Ole Maaløes Vej 5, 2200 Copenhagen N, Denmark
